Biotechnia

Content Vol. XXV issue 1

Review articles

pp. 51 - 60 [Dietary inclusion of clinoptilolite as a feed additive in the ruminants production](#)

Zeolite in ruminants production

Ana Tánori-Lozano, Maricela Montalvo-Corral, Araceli Pinelli-Saavedra, Martin Valenzuela-Melendres, Libertad Zamorano-García, José Luis Dávila-Ramírez, Humberto González Rios

pp. 147 - 155 [Extraction methods, functionality and bioactivity of saponins from Yucca: a review](#)

GJ Gonora Chi, J Lizardi Mendoza, Y Lopez Franco, M Lopez Mata, Luis Quihui Cota

pp. 156 - 168 [Dietary sources, bioavailability and health effects of carotenoids](#)

Claudia I. Victoria-Campos, Juan Ornelas-Paz, Saul Ruiz-Cruz, José de Jesús Ornelas-Paz, Braulio Cervantes-Paz, Claudio Rios-Velasco, Jaime D. Pérez-Martínez, Alfonso A. Gardea-Béjar, Elhadi M. Yahia, Vrani Ibarra-Junquera

Research Articles

pp. 5 - 13 [Chemical composition, antioxidant activity and cytotoxicity of flower extracts from Magnolia grandiflora L. found in southeast Mexico](#)

Tomás Rivas-García, Jorge Alberto Alejandro-Rosas, Ángel Ramos-Ligonio, Marisol Castillo-Morales, Juan José Reyes-Pérez, Berenice Esquivel-Valenzuela

pp. 14 - 23 [Microbiological risk assessment associated to raw oyster consumption contaminated with Vibrio cholerae and Vibrio parahaemolyticus](#)

Karla María Lòpez Hernández, Violeta T. Pardío-Sedas, Argel Flores Primo, David Izcoatl Martínez Herrera, Roxana Uscanga Serrano

Antagonism *Trichoderma* spp. strains isolated from Tanaxuri, Michoacan, Mexico against pathogens of avocado (*Persea americana* Mill)

pp. 24 - 33

María Estela López-López, Carmen Lizette Del-Toro-Sánchez, Salvador Ochoa-Ascencio, José Antonio Aguilar-López, Oliviert Martínez Cruz, Jaime Alberto Madrigal-Pulido, Miguel Angel Robles-García, Ariadna Thalia Bernal-Mercado, María Guadalupe Ávila-Novoa, Pedro Javier Guerrero-Medina, Melesio Gutiérrez-Lomelí

Biological effectiveness of extracts of *Agave striata* and *Fouquieria splendens* against *Clavibacter michiganensis* subsp. *michiganensis*.

pp. 34 - 42

Jesús Eduardo Ramírez Méndez, Francisco Daniel Hernández Castillo, Marco Antonio Tucuch Pérez, Isaac Irving Camacho Aguilar, Roberto Arredondo Valdés, José Ángel Villarreal Quintanilla

Physicochemical, techno-functional and antioxidant characterization of coffee silverskin

pp. 43 - 50

Dr., M.C., Dr., Armida Sánchez-Escalante

Polyphenolic-rich extracts from the leaves of *Ilex paraguariensis* and *Larrea divaricata* and their antioxidant and antiCOVID-19 potential

pp. 61 - 66

Juan C. Contreras-Esquivel, Carlos N. Cano-González, Juan Ascacio-Valdes, Jorge A. Aguirre-Joya, David Aguillón-Gutierrez, Javier Breccia, Judith D. Espinoza-Perez, Cristóbal N. Aguilar, Cristian Torres León

Evaluation of arbuscular mycorrhizal consortia in interaction with phosphorus levels in the promotion of growth and biomass of *Stevia rebaudiana* Bertoni

pp. 67 - 80

Rodrigo Armando Cauich-Cauich, Dr. Tun-Suárez, Dr. Cristóbal-Alejo, Dra. Herrera-Parra, Dr. Andueza-Noh, Monica Guadalupe Lozano Contreras

Effect of microbial biostimulants on the size and weight of bell pepper and tomato fruits under protected conditions of macrotunnel

pp. 81 - 87

Jacel Adame García, Félix David Murillo Cuevas, Héctor Cabrera Mireles, Jazmín Villegas Narváez, Adriana Elena Rivera Meza, Andrés Vásquez Hernández

Antioxidant, toxic and antimicrobial activity of *Rosmarinus officinalis*, *Ruta graveolens* and *Juglans regia* against *Helicobacter pylori*

pp. 88 - 93

LCA, Dra., Dr., Dra., Dra., Dr., Dr.

***Trichoderma harzianum* and spinosyn in the control of wheat weevil *Sitophilus granarius* (L. 1758)**

pp. 94 - 99

Gabriela Andrade-Bustamante, Angel Manuel Suárez Hernández, Emmanuel Aispuro-Hernández, Francisco Eleazar Martínez-Ruiz

Effect of seasonality on the microbiological and physicochemical quality of goat's milk produced in the center of Veracruz, Mexico

pp. 100 - 108

Pablo Díaz-Rivera, Víctor Daniel Cuervo-Osorio, Gregorio Hernández-Salinas, Adán Cabal-Prieto, José Andrés Herrera-Corredor, José Manuel Juárez-Barrientos, Emmanuel de Jesús Ramírez-Rivera

Development and characterization of active films with silver-nanoparticles obtained by green synthesis

pp. 109 - 115

Enna Berenice Estudillo-Díaz, Federico Antonio Gutiérrez-Miceli, Daniel González-Mendoza, Benjamín Valdez-Salas, Miguel Abud-Archila

Evaluation of edible chitosan, agar and thyme films to maintain the quality of 'Hass' avocado fruits during storage

pp. 116 - 125

Tomas J Madera-Santana, Víctor M Toledo-López, Karla Martínez-Robison, Víctor Rejón-Moo, Judith Fortiz Hernández

Proposal for a metabolic syndrome model in CD1 mice induced with a hypercaloric diet

pp. 126 - 132

Metabolic syndrome model in CD1 mice

Xochitl Cruz Sollano-Mendieta, Gerardo Norberto Escalona-Cardoso, Edgar Cano-Europa, Norma Paniagua Castro

Associated factors with human papillomavirus infection in adult women from northwest Mexico

pp. 133 - 139

Morales Figueroa, Marlene Bravo Parra, Karla M Olivas Matas, Julian Esparza Romero, Manuel Valenzuela Zamorano, Oscar M Olivas Lopez, Luis Quihui Cota

PCR Reliability to Detect Rickettsia rickettsii through Cutaneous Swab and Urine Samples

pp. 140 - 146

PCR to confirm Rocky Mountain spotted fever

Cynthia Y Garcia-Cortez, Gerardo Alvarez-Hernandez, Enrique Bolado-Martinez, MC Candia-Plata, Miguel Angel Martinez-Medina

Evaluation of antimicrobial susceptibility and genetic profiles (ERIC-PCR) of Enterococcus species, isolated from chicken viscera

pp. 169 - 176

Evaluation of antimicrobial and genetic profiles of Enterococcus species, from chicken viscera.

A Almada-Corral, MA Cordero-Ortiz, LD Ballesteros-Herrera, SJ Calderón-Montoya, E Bolado-Martínez, RI Sánchez-Mariñez, A García-Galaz, IC, Rodríguez-Hernández, MO Cortez-Rocha, ML Álvarez-Ainza

Influence of temperature on the infectivity of Fusarium oxysporum f. sp. vanillae in Vanilla planifolia and in hybrids V. planifolia x V. pompona

pp. 177 - 183

JM Barreda-Castillo, RA Menchaca-García, A Perez-Silva, NG Sanchez-Coello, M Luna-Rodríguez

Desi-type chickenpea (*Cicer arietinum* L.) forage yield, grain and quality

pp. 184 - 192

R Avalos-Castro, R Ramirez-Orduña, E Gutierrez-Perez, CM Melgoza-Villagomez, JA Acosta-Gallegos
